

PENDER & PEONY'S

Christmas Garland Kits

Create that special holiday magic with a cascading Christmas garland for your mantel, entry, or table.

Katherine has designed two looks for 2023: a *Grandmillennial meets Williamsburg* style mixing orange pomanders with a pink and green colorway and a *Preppy Chinoiserie* style in blue and red. Both inspire a traditional Christmas feel.

Customization options include florals and ribbon. You'll receive the garland kit in the mail in November ready to be assembled and hung. Each kit will include a guide to putting the garland together and ideas to customize it for your home.

2022 Williamsburg Look in Red & Green

Thank you! I just love my new Christmas decorations. We just built our home and this is my first Christmas here so I'm super excited!
~Melissa from Texas

I'm sorry to keep on gushing, but you put so much work into the garland kits, is why it went together so fast. And the bag to store it in! I felt weird about the money (which is insane, I just got used to making a \$ look like \$ \$\$) and when I could actually afford nicer. I just never did until recently. But! So worth it. Thank you again.

~Kristen from Arkansas
